

● Hybrid working session of the III International Assembly of the Lasallian Educational Mission

In Rome, the International Council for Association and Lasallian Educational Mission (CIAMEL), the secretaries and moderators of the working groups of the III Assembly of the Lasallian Educational Mission (AIMEL2020) *, the Brother Superior General and his Council, and the Secretaries of the Secretariats of the Institute are all gathered. Every day between 1:00 p.m. and 3:00 p.m. (Rome time), they meet online with all the representatives of the Districts to discuss and approve the proposals they have drafted during the online working sessions that have been held since last year.

The COVID-19 pandemic entailed a challenge all over the world and also affected this Assembly, initially planned for April 2020, to be held in person in Rome. It was redesigned and is being carried out in several stages through various online tasks.

The strategic axes that this Assembly is examining are:

Structures of Animation and Governance, Formation and Accompaniment, Lasallian Association and Community, Culture of Vocations, Mission - Service to the poor and inclusion, Mission - Evangelisation, Mission - Citizen formation, Mission - Identity of the Educational ministries.

Follow the progress of this Assembly on the Institute's website (www.lasalle.org).

*The name 2020 was retained after this Assembly was postponed in April 2020 because of the international emergency due to the COVID-19 pandemic.
